THE ROADBOOK

At the moment of the departure, you will receive your own **PORTFOLIO ROADBOOK**.

This roadbook has been compiled for you with the greatest possible care.

Although we followed the route and carefully checked it, it may happen that, due to roadworks or unforeseen events, it is not possible to drive as intended. If this is the case, we advise that you enter one of the checkpoints in your GPS and follow the roadbook again when you reach the checkpoint.

We recommend to download **TripRoad Pro Application** in the app store to help you coordinate during the roadbook.
